A. General Guideline

- Abstracts should represent the original work.
- Informative abstracts and critical abstracts are accepted.
- The Abstract should be written in English.
- Please send in a brief biography together with the Abstract
- Documents that do not conform to the guidelines will be asked to revise.
- Documents received after the given deadline, due to any reason will not be accepted unless the deadline is extended.
- The abstract should be submitted in the format of MS Word (.doc or .docx) document.
- The abstract scope is related to health sciences (can be fundamental research, epidemiology, clinical research, and review/systematic review).

B. Abstract Structure

- An abstract is a structured summary of a research paper’s substance including its background, purpose, methods, results, and conclusion. It should be 175-275 words.
- Keywords should be provided as a must (no more than 6 words). Keywords should be written in lowercase letters (Not applicable to names/scientific names) and should be separated with commas.
- Please do not include subheadings, bullets, lists and header/footer in the abstract.
- Abstract titles should be short, but descriptive. Informative titles, indicating key points are encouraged.
- Abbreviations should not be used in the title.
- Acronyms should be written in full the first time, mentioned in the text, followed by the abbreviation in parentheses.
- Always follow SI Units. Scientific names must be in Italic. Use a negative exponent (e.g. kg m⁻³) and do not indicate units as divisions (e.g. kg/m³). Chemical formulae should be written in a standard form such as “CaCO₃”, not as “CaCO3”.
- Use a zero before decimal points such as “0.45,” not “.45.”
- There shall be no citations or references in the abstract specifically.
- **FONT**
